

Duachee Lor

Creative Graphic and Motion Designer with a Bachelor's degree in Visual Communication Design from Eastern Washington University. In addition, I am currently working toward a Certificate in Front-end Web Design, where I am gaining skills in HTML, CSS, and JavaScript. My specialties include logo design, layout design, storytelling motion graphics, kinetic typography, and Web Design, using tools like Adobe Illustrator, After Effects, Cinema 4D, and VSCode. I am passionate about crafting compelling visual narratives that combine clean aesthetics with engaging motion design to create memorable brand experiences.
